Mrs. Marlene Roddy
Principial, Martin High School
4501 W. Pleasant Ridge
Arlington, Texas 76016

Dear Mrs. Roddy,

I am writing to express my interest in the Science Teacher position at Martin High School. As an alumna of Martin High School and a life long resident of Arlington, I would be thrilled and honored to work along side my past teachers and walk the same halls I did as a student. Martin continues its excellent reputation for academics, sports, and fine arts that I would love to be a part of.

Through out my life I have always found science a passion. I love exploring new ideas and concepts, and learning to apply them to real life experiences. As you state in your mission statement I am ready and willing to help prepare students to become responsible, productive, and contributing members of society through the world of science.

I would value the opportunity to contribute to the culture and reputation of Martin High School, and grow as a teacher as my students grow as young adults. Thank you for your consideration and I look forward to hearing from you.

Sincerely,

A handwritten signature in black ink that reads "Kimberly McCoy". The signature is written in a cursive style and is placed on a light gray rectangular background.

Kimberly McCoy
